WELL WATER TESTING CLINIC

For North Star Property Owners

September 1, 2022 from 1 – 6 PM

North Star Township Fire Hall 7700 Pequaywan Lake Road

Bring a drinking water sample to be tested for nitrate nitrogen and chloride.

- No Reservations Needed
- Confidential Results
- No Sales Gimmicks or Presentations
- Volunteers Will Answer Questions

Instructions: Bring drinking water from your home in a clean plastic or glass container. Your container will be returned. Try to do this the same day as the clinic and bring a minimum of a cup (8 oz) of water. If you treat your water, you can bring in a treated and non-treated water sample. You can wait for your results or request them via email.
